

BIOCLEAN

General purpose biodegradable cleaner

■ PROPERTIES

Biodegradable cleaner without ammonia, phosphates, and petroleum products, per the European directive EC 648/2004 governing detergents in terms of their biodegradability. Product with superior cleaning action that does not affect sensitive surfaces.

■ ADVANTAGES

- The only suitable cleaner for daily use.
- Does not require ventilation during use.

■ APPLICATIONS

BIOCLEAN general purpose biodegradable cleaner removes fats, soap scum, salts, wine, coffee, oil and other accumulated pollutants.

Suitable for general cleaning of residential or commercial spaces.

Ideal for tiles, granite, sinks, vinyl bathtubs, countertops and kitchen utensils, refrigerators, painted walls, furniture, carpets, solar water heater collectors.

It is also ideal for removing dirt and stains in places such as dairy plants and slaughter houses as well as poultry, fish, and food processing plants.

■ USE

Spray the areas you want to clean and wait for a few minutes. Rinse with water or, where necessary, scrub with a broom or a damp sponge.

For the daily care and the maintenance of the surface color(s), it is recommended to add 50ml BIOCLEAN

BIOCLEAN

General purpose biodegradable cleaner

for every 1lt of the cleaning or mopping water.
Compatible with cleaning machines.

CONSUMPTION

1lt/12-14m² of surface.

STORAGE

Store in places protected from frost,
for 36 months from production date.

SAFETY DIRECTIONS

The product needs no hazard labeling under
current European and National legislation.
However, it is recommended to keep away from the
reach of children. If swallowed, seek immediate
medical advice and show the container or label.
